

TECHNICAL SPECIFICATIONS:

Fixture type	DL-SEAL
Operating Voltage	230 VAC / 56-60 Hz
Total Power Consumption	~24 W
Power Factor	≥ 0,97 at 230 VAC
Total Harmonic Distortion	Ithd ~20 %
Operating Temperature	-20°C to +55°C
IP Rating & Protection	IP 66, IK10
Initial Total Lumens	>2.200 lm; minimum 450 lm in emergency mode
Emergency light	1,5 h autonomy, 8 h charging time, NiCad battery
CCT (Correlated Colour Temperature)	5500 K
CRI (Colour Rendering Index)	>70
Illumination angle	120°
Dimensions	Length 650mm, Diameter 90mm
Luminary Protective Cover	Polycarbonate tube 3mm
Luminary body	PMMA diffusor, ABS sides, stainless still cower with gland
Fixture Weight	2,1 kg, 2,5 kg with emergency light option
